Total:	30-36	
Overall Total:	120-126	

*HCC students can choose to complete up to 19 credits of coursework in addition to the 70 credits required for completing the RN program at HCC. The additional 19 credits outlined in this articulation do not need to be completed prior to transferring; however, students who do not complete these courses at HCC will be required to complete them at GWU.

**No community college nursing credits will be transferred. All RNs with an active unencumbered State of Maryland or compact state RN license will be granted 30 upper-level nursing credit.

***RNs will complete the remaining 30-36 upper-level nursing credits and any additional program requirements through GWU.

† WID credits have the potential to be satisfied by any general education courses, general electives, or discipline courses in HCC's curriculum that require intensive writing. Please consult a GWU advisor for the School of Nursing for information on courses that may satisfy this requirement.

†† Depending on the results of the portfolio review in NURS 4121 Nursing Advancement Portfolio, students may be eligible for an additional 15 credits in advanced standing.
