

Associate's to Bachelor's (ATB) Option General Information for this Online Option

(Option is delivered in a fully online format with no on-campus requirements)

I. General Program Information

This dual enrollment option is available to eligible students once they are accepted to the Harford Community College (HCC) Nursing Program. Admission is competitive and based on completed courses and grade point average (GPA). Students will be enrolled as degree students at HCC and Frostburg State University (FSU) and begin to take FSU online courses during the Nursing Program at HCC. Once the Associate of Science Degree (A.S.) is awarded at HCC, students must take and pass the nursing licensure exam, the NCLEX-RN, and then continue coursework at FSU to complete the Bachelor of Science Degree in Nursing (B.S.N.).

Program length is 9 terms, including winter and summer sessions, and it takes approximately 2 ½ years to complete.

HCC courses will be held at the Harford Community College campus; FSU courses will be taken as online courses. To assess your readiness to be an online learner, please read the FSU web pages and take the Online Readiness Survey: <https://www.frostburg.edu/nursing/distance-learning/> and <https://www.frostburg.edu/nursing/distance-learning/computer-literacy-survey/>

Two degrees will be awarded: A.S. from HCC and B.S.N. from FSU (where a minimum of **32 credits** will be required from FSU to graduate).

Advisors will be available from both HCC and FSU.

Financial aid will be arranged through Frostburg State University Office of Financial Aid.
